

Customer Information and General Terms and Conditions of Insurance Health care costs for visitors Family

Customer information under the Swiss Federal Insurance Contract Act ("VVG")

The following customer information provides a concise overview of the insurer's identity and the material content of the insurance contract (Article 3 of the Swiss Federal Insurance Contract Act – "VVG"). Only the insurance policy and General Terms and Conditions of Insurance (GTC) are authoritative for the content and scope of the rights and obligations derived from the insurance contract.

Who is the insurer?

The insurer is AWP P&C S.A., Saint-Ouen (Paris), Wallisellen Branch (Switzerland), hereinafter called Allianz Global Assistance or AGA. The company headquarters are at Hertistrasse 2, 8304 Wallisellen.

Who is the policyholder?

The policyholder is the person designated as such in the insurance policy.

What risks are insured and what is the scope of the cover?

The insured risks under the respective contract, scope of the cover and the cover restrictions are set out in the insurance policy and General Terms and Conditions of Insurance (GTC). The following is a summary of the various insurance components offered, provided for ease of understanding:

– Assistance

Cover extends to the organisation and costs of medically prescribed repatriation or repatriation in the event of death. Cover applies only for persons resident abroad who enter Switzerland or a Schengen country.

– Search and rescue costs

Cover extends to search and rescue costs (up to the amount of the sum insured set out in the summary of insurance benefits), in the event the insured goes missing during the trip or stay, or is recovered from a physical emergency.

– Health care costs

Cover extends to medical expenses (up to the amount of the sum insured set out in the insurance policy) for emergency medical treatment in the event of illnesses or accidents involving the insured person. An excess of CHF 200.– applies per event.

Which persons are insured?

In the case of insurance policies with a term of less than one year (short-term insurance policies), the persons listed in the insurance policy are insured. The insured persons are in each case essentially set out in the insurance policy and the General Terms and Conditions of Insurance (GTC).

Temporal and local scope of the insurance cover

The insurance applies during the agreed period of insurance indicated in the insurance policy within Europe, with the exception of the country of residence of the insured person as well as insurance cover that conflicts with economic or trade sanctions or embargoes imposed by the United Nations, the European Union, the United States of America or Switzerland.

What are the main exclusions?

The following list contains only the most important insurance cover exclusions. The exclusionary clauses ("Non-insured events and benefits") of the General Terms and Conditions of Insurance as well as the VVG contain further exclusions:

- It is essentially the case that all insurance components do not provide insurance cover for events that had already occurred by the time of the signing of the contract, the booking of the journey or the commencement of the booked service; the same applies to events whose occurrence was recognisable at the time of the signing of the contract, the booking of the journey or the commencement of the booked service.
- Furthermore, there is no cover for such events as abuse of alcohol, drugs or medicines, suicide or attempted suicide, participation in strikes or unrest, participation in races or training sessions with motor vehicles or boats, participation in adventurous acts whereby the entitled person knowingly exposes him/herself to danger, negligent or premeditated actions/or failure to act.
- In addition, war, terror attacks, any type of unrest, epidemics, pandemics, natural catastrophes and incidents involving atomic, biological or chemical substances including the consequences thereof; the consequences of official decrees, e.g. confiscation of assets, imprisonment, ban on leaving the country or closure of air space are not insured.
- In respect of assistance cover, in particular no benefits shall be provided if the AGA emergency call centre did not approve these in advance; the same applies e.g. if the responsible travel agency does not or only partially renders the contractual performances.
- Under the assistance, search and rescue costs and health care costs components, no insurance cover exists inter alia for accidents and illnesses pre-existing the signing of the insurance policy, including associated consequences, complications, deterioration or relapse, particularly chronic and recurring illnesses, regardless of whether the insured person was aware of their existence on inception of the insurance.

Which obligations are incumbent on the policyholder and insured persons?

The following list contains only the main obligations. Other obligations are set out in the General Terms and Conditions of Insurance and the VVG:

- For assistance, the insured event must be reported immediately to the AGA emergency call centre. The call centre must approve any assistance measures and the assumption of any costs involved. The AGA emergency call centre is available round the clock (conversations with the emergency call centre are recorded): Telephone +41 44 202 00 00 / Fax +41 44 283 33 33.
- Losses incurred under search and rescue costs and health care costs must be reported to AGA immediately and in writing, enclosing the documents listed in the special provisions for the individual insurance components (see GTC Section I 11 for contact address).
- In any event, the insured person is obliged to do everything to mitigate the loss and help resolve the claim; for losses caused by injury or illness, the insured person must ensure that the attending doctors are made exempt from their duty of confidentiality vis-à-vis AGA.
- If the entitled person is in breach of his/her duties, AGA can withhold or reduce benefit payments.

How much is the premium?

The amount of the premium depends on the risks insured and stipulated level of cover. The amount of the premium is defined with the application and results from the insurance policy.

When does the insurance begin and end?

The insurance cover starts on the date indicated in the insurance policy or in the insurance certificate (inpayment form policy). If a provisional date is entered in the insurance policy or insurance certificate (inpayment form policy), the insurance cover starts on the day of officially substantiated entry into Switzerland or a country of the Schengen area. If the date is missing, the start of the insurance will apply from the issue date of the insurance policy or in the insurance certificate (inpayment form policy).

Policies with a duration of less than a year (short-term insurance) lapse on the expiry date given in the application and insurance policy.

Insurance contracts can be terminated early by giving notice, particularly in the following instances:

- Following a claim resulting in the provision of benefits by the insurer, provided the notice given by the insurer occurred no later than the time of the payout or resolution of the case (e.g. assistance/legal support) or, by the policyholder, no later than 14 days from learning of the payment or resolution of the case.
- If the insurer changes the premiums. In this case, the insurer must receive the policyholder's termination notice no later than the last day prior to the premium amendment coming into effect.
- Termination by the insurer in the event of insurance fraud.

This list contains only the main causes for termination. There are others set out in the General Terms and Conditions of Insurance and the VVG.

How does AGA handle data?

When processing personal data essential to the transaction of insurance business, AGA observes the Swiss Data Protection Act (DPA). If necessary, AGA will obtain the necessary approval from the insured person through the claims form to process the data.

The personal data processed by AGA includes data relating to the conclusion of the contract and the policy/claims handling. The information processed mainly comprises the policyholder's or insured person's details from the insurance application and the claims statement. In the interests of all policyholders, data may also be exchanged with previous insurers and reinsurers within and outside Switzerland. AGA also processes personal data in connection with product enhancements, as well as for its own marketing purposes.

In order to offer value-for-money comprehensive insurance cover, some of the services offered by AGA are provided by legally independent companies both domestically and abroad. These may be Allianz Group companies or cooperation partners. For the purposes of fulfilling its contractual obligations, AGA must exchange data both within and outside the group.

AGA stores data electronically or physically in compliance with the legal provisions.

Persons whose data are processed by AGA have the right, in accordance with the Data Protection Act (DPA), to ask what data concerning them AGA actually processes; they may also request the rectification of incorrect data.

General Terms and Conditions of Insurance (GTC)

The insurance cover provided by AWP P&C S.A. Saint-Ouen (Paris), Wallisellen branch (Switzerland), hereinafter Allianz Global Assistance or AGA is defined in the insurance policy and the following General Terms and Conditions of Insurance (GTC).

I	Conditions common to all insurance components	3
II	Special provisions for the individual insurance components	5
B	Assistance	5
C	Search and rescue costs	5
U	Health care costs	5

I Conditions common to all insurance components

The provisions applicable to all insurance components only apply insofar as the special provisions relating to the individual insurance or service components contain no provisions to the contrary.

1 Insured persons

The insurance covers the people listed in the insurance policy, as long as

- they are not older than 80 years of age,
- their permanent place of residence is neither in Switzerland nor in the Principality of Liechtenstein, and
- they are travelling into Switzerland or into a Schengen country with a Schengen visa issued by the Swiss authorities.

A family insurance is valid for a maximum of two adults and four children.

2 Duration and geographical scope

2.1 The insurance applies during the agreed period of insurance indicated in the insurance policy within Europe, with the exception of the country of residence of the insured person.

2.2 The insurance cover starts on the date indicated in the insurance policy or in the insurance certificate (inpayment form policy). If a provisional date is entered in the insurance policy or insurance certificate (inpayment form policy), the insurance cover starts on the day of officially substantiated entry into Switzerland or a country of the Schengen area. If the date is missing, the start of the insurance will apply from the issue date of the insurance policy or in the insurance certificate (inpayment form policy).

2.3 The medical expenses insurance is only valid if it is arranged no later than 5 days after arrival in Switzerland or a country within the Schengen area. If the person already has suitable insurance upon entry into Switzerland or a country within the Schengen area, subsequent Health Care for visitors cover will only be valid if this is arranged no later than 5 days after the end of the existing insurance cover. A medical certificate of health is required for later arrangement, and must be handed to AGA. AGA has the right to refuse the contract without giving reasons. The costs of this medical certificate are borne by the requesting person. In this case, if the date on which the insurance cover starts is missing from the proof of insurance, insurance cover will begin on the day of officially substantiated arrival in Switzerland or a country within the Schengen area.

2.4 Extension of the insurance cover is only valid if no gaps in insurance arise, and if there has been no case of loss/damage. In addition, the contract can only be extended on a maximum of two occasions within the permissible maximum duration of 185 days. AGA has the right to refuse extensions without giving reasons.

2.5 Permissible documents as evidence of date of arrival are: passport with entry stamp; if this is not available, passenger tickets or travel tickets (train, plane, bus, etc.); and if this is not available, written confirmation from the employer. If no proof of arrival can be produced, the insurance is not regarded as having been arranged.

3 Cancellation of the insurance contract

3.1 If the beneficiary can provide official proof (embassy, immigration police, municipality) in written form that entry into Switzerland or a country of the Schengen area was not granted, the premium is reimbursed; the original insurance policy or insurance certificate (inpayment form policy) must be submitted to AGA for reimbursement of the premium.

4 Duties in the event of a claim

4.1 The insured person is obliged to do everything to mitigate the loss and help resolve the claim.

4.2 The insured person is obliged to observe his or her contractual or legal reporting, notification and conduct-related duties in full (e.g. immediately reporting the insured event to the contact address given in Section I 11).

4.3 If the claim occurred due to illness or injury, the insured person must ensure that the treating physicians are exempt from their duty of confidentiality vis-à-vis AGA.

4.4 If the insured person is able to claim benefits paid out by AGA additionally from third parties, the insured person must uphold these claims and cede them to AGA.

4.5 The AGA claims forms are available for download at www.allianz-assistance.ch/claim.

5 Breach of duties

If the entitled person is in breach of his/her duties, AGA can withhold or reduce benefit payments.

6 Non-insured events and services

6.1 *No benefits can be claimed if an event has already occurred when the policy is taken out, the trip is booked or the trip starts, or if its occurrence is foreseeable for the insured person when the policy is taken out, the trip is booked or the trip starts.*

6.2 *Events are not insured, which the insured person has triggered in the following ways:*

- Abuse of alcohol, drugs or medicines;
- Suicide or attempted suicide;
- Participation in strikes or unrest;
- Participation in races or training sessions with motor vehicles or boats;
- Participation in adventurous acts whereby the policyholder knowingly exposes him/herself to danger;
- Negligent or premeditated actions/or failure to act;
- Committing or attempting to commit crimes or offences.

6.3 *Activities related to an insured event are not insured, e.g. the cost of replacing the insured items or for law enforcement purposes.*

6.4 *The following events and their consequences are not insured: War, terror attacks, any type of unrest, epidemics, pandemics, natural catastrophes and incidents involving atomic, biological or chemical substances.*

6.5 *The consequences of events stemming from official decrees are not insured, e.g. confiscation of assets, imprisonment or a ban on leaving the country, closure of air space.*

6.6 *If the journey is for medical treatment.*

6.7 *If the assessor (expert, doctor etc.) directly benefits or is related, including related by marriage, to the insured person.*

6.8 *Costs related to kidnap are not covered.*

6.9 *If economic, trade or financial sanctions or embargoes on Switzerland, which are directly applicable to the contracting parties, oppose the insurance cover, said cover does not apply. That extends to economic, trade or financial sanctions or embargoes imposed by the United Nations, European Union or United States of America, provided they are not in opposition to Swiss legislation.*

7 Definitions

7.1 Europe

The European area of application includes all the nations on the European continent plus the Mediterranean and Canary Islands, Madeira and the nations that border the Mediterranean but are outside Europe. The eastern border north of Turkey is formed by Azerbaijan, Armenia and Georgia, together with the Ural mountain range.

7.2 Switzerland

For the purposes of insurance cover Switzerland is deemed to mean Switzerland and the Principality of Liechtenstein.

7.3 Personal injury

An injury is the sudden, unintended damaging effect of an unusual factor on the human body.

8 Multiple insurance and claims against third parties

8.1 For (voluntary or compulsory) multiple insurance, AGA provides its services in a subsidiary capacity, subject to there being an identical clause in the other insurance contract. In such a case the legal provisions of double insurance apply.

8.2 If an insured person is entitled to benefits under any other insurance contract (voluntary or mandatory), cover is restricted to that part of the AGA benefits that exceeds the cover provided under the other insurance contract. Overall costs are reimbursed once only.

8.3 If AGA provides benefits in spite of a subsidiarity situation, these benefits count as an advance and the insured person or beneficiary will cede his/her claims against the third party (voluntary or mandatory insurance) to AGA to the extent of those benefits.

8.4 If the insured or entitled person has been compensated by a liable third party or the third party's insurer, any compensation due under this contract is rendered void. If a claim is made against AGA instead of the liable party, the insured or entitled person must concede his/her liability claims up to the extent of the compensation received from AGA.

9 Limitation period

Claims under the insurance contract expire two years after the occurrence of the event giving rise to the obligation to pay benefits.

10 Place of jurisdiction and applicable law

10.1 Lawsuits against AGA may be brought before the court at the company's registered office or at the Swiss place of residence of the insured or entitled person.

10.2 The Swiss Federal Law on Insurance Contracts (VVG) applies in addition to these provisions.
